

New beauty assistant for smooth skin and a radiant complexion

Ulm, 28 January 2021 – Your skin sometimes needs a little extra care, especially in the cold season. Beurer has now added a new helper to its range of home beauty products to make you feel like you're at a professional beauty clinic. The FC 41 Power deep pore cleanser uses vacuum technology to cleanse deep into the pores and leaves your facial skin looking radiant.

The FC 41 Power deep pore cleanser effectively and gently combats skin impurities thanks to its state-of-the-art vacuum technology. The product is suitable for all skin types and can be used in different ways on the face thanks to its three interchangeable attachments

in different sizes. The two round attachments enable you to effectively remove blackheads and excess skin flakes. The oval attachment allows for improved skin elasticity and circulation. The FC 41 thus provides visibly finer, healthy looking skin and a radiant complexion. With five intensity levels, you can cleanse your skin deep into the pores in line with your specific needs. The device has a state-of-the-art LCD display that shows the battery state and intensity level. With a powerful lithium-ion battery providing a running time of 90 minutes at the highest intensity level, you'll have plenty of time for your beauty regime. What's more, 10 replacement filters are included in delivery.

For details of other products that would perfectly complement your daily beauty regime, such as facial or powered body brushes, facial saunas, microdermabrasion devices and manicure/pedicure sets, please see <https://www.beurer.com/web/gb/products/beauty/>.

About Beurer

Beurer was founded in 1919 in Ulm and is synonymous with health and well-being. Today, the long-standing company leads the way in several product fields in this segment; the company is the market leader in Europe in the area of flexible heating and a market leader in Germany for blood pressure monitors and massage products. Beurer is also one of the leading suppliers of personal bathroom scales in Europe. This portfolio, which is under constant development in all areas, offers products for use in the home. It includes: personal bathroom scales, kitchen scales, luggage scales, air purifiers, air dehumidifiers, air washers, thermo hygrometers, aroma diffusers, blood pressure monitors, blood glucose monitors, mobile ECG devices, hearing amplifiers, pulse oximeters, nebulisers, clinical thermometers, a sleep sensor, wake up lights, a snore stopper, daylight therapy lamps, infrared lamps, TENS/EMS devices, massage products (foot massage, Shiatsu massage, massage chairs, massage cushions, fascia massage, leg compression massager), relaxation aids, hair removal devices (classic, IPL, laser), FaceCare and HairCare products, a cellulite releaZer, cosmetics mirrors, manicure/pedicure sets, a BabyCare line, ovulation thermometers, activity sensors and heart rate monitors. USB ports and *Bluetooth*[®] make it possible for a growing number of Connect products to be linked to the expanding Beurer app world and/or software. The family-run company operates a global distribution network in more than 100 countries and currently has a workforce of around 1,000 people. You can find more information at www.beurer.com.
