

Festive tips to care for your hands and nails

Ulm, 7 December 2021 – Immaculate hands and nails are often crucial for making the perfect first impression. Frequent hand washing is taking a particular toll on the skin at the moment, resulting in dry hands and brittle, cracked nails. Thanks to both the Beurer MP 70 Paraffin bath and the new MP 84 Manicure/pedicure set, you can have your own nail salon in the comfort of your own home – for silky smooth skin that makes you look your best.

MP 70 – Paraffin Bath provides deep treatment

The MP 70 Paraffin bath richly nourishes rough hands, feet and elbows. The application of warm, liquid paraffin wax leaves your skin noticeably soft. After the wax has warmed up in the device, you alternately immerse the applicable areas of your body in it briefly, and then remove them again. Once the wax has hardened, you repeat the process six to seven times. The pleasant warmth of the paraffin wax opens the pores of the skin and promotes circulation. A film is placed over the areas being treated to help the absorption of nutrients and moisture. After an exposure time of approx. 20 minutes, the film can be taken off and the wax can be removed. The paraffin bath is ideal for dry winter skin – it is sure to impress, leaving you feeling great with its silky smooth results.

MP 84 – Cordless Manicure/Pedicure Set with practical charging and storage case

If you are looking for a special Christmas present that any woman would love, take a closer look at the new MP 84. With its fresh design in mint and gold, this rechargeable manicure/pedicure set will be sure to be the highlight in your beauty routine. Whether cutting, filing, shaping and polishing nails or removing excess hard skin, calluses and cuticles – the 10 high-quality sapphire and felt attachments will give you professional results. Thanks to three adjustable speed settings, clockwise/anti-clockwise rotation and up to 4,400 rotations per minute, the nails can be styled quickly, individually and with a touch of glamour. The ergonomic shape means the device sits

comfortably in your hand without slipping during treatment. You can see every detail while caring for your nails thanks to the bright LED light, and the practical protective cap prevents nail dust from flying around. Safety is also ensured by an automatic switch-off function after 20 minutes. The powerful lithium-ion battery enables two hours of cordless use. Another highlight is the practical storage case. It doubles as a charger, making the MP 84 ideal for when you are travelling.
