

Healthy oral hygiene with the new Beurer Dental range

Ulm, 12 November 2023 – Proper dental care is essential for healthy teeth and gums. Beurer electric toothbrushes clean effectively and ensure a radiant smile. The Ulm-based health specialist will be at MEDICA in Düsseldorf from 13 to 16 November 2023, presenting its new dental range with practical features for daily oral hygiene.

Beautiful and healthy teeth need optimal care! To meet this need the Ulm-based health specialist Beurer offers the **TB 30** and **TB 50 Protection Pro** electric toothbrushes for gentle and thorough cleaning. [Click here to view the product video!](#)

TB 30: For a sparkling smile

The TB 30 electric toothbrush uses oscillating and pulsating brush technology to gently clean teeth. Users can choose between two cleaning programs with different rotation speeds, and benefit from a 2-minute timer to ensure they brush for long enough. With an up to 20-day battery life based on normal use twice a day, teeth brushing is simple even away from home. In a subtle white design, the TB 30 is also a great fit for any bathroom.

The TB 30 gets teeth clean in just 2 minutes:

- 2 individual cleaning programs: Clean, Sensitive
- Oscillating, pulsating, brush technology for plaque removal
- Integrated 2-minute timer
- Powerful battery with up to 20 days of battery life
- LED charge indicator
- Includes inductive charger, USB charging cable with adapter and "Clean" brush head
- Clinically tested*

TB 50: Makes daily dental care easy

The **TB 50 Protection Pro** electric toothbrush features an integrated pressure sensor to protect gums and teeth, as well as 3 cleaning programs for comfortable brushing. Elegantly designed in dark blue and offering outstanding battery life of up to 45 days with twice-daily usage, it clearly stands out from other devices on the market. A practical storage box is also included, for maximum convenience when travelling.

The TB 50 has many impressive features:

- 3 individual cleaning programs: Clean, Sensitive, White
- Oscillating, pulsating, brush technology for plaque removal
- Integrated 2-minute timer
- Integrated pressure sensor to protect teeth and gums
- Powerful battery with up to 45 days of battery life
- Magic LED display and LED charge indicator
- With handy travel and storage box
- Includes inductive charger, USB charging cable with adapter and "Clean" brush head
- Clinically tested*

Replace brush heads regularly!

For optimal brushing results, brush heads should be replaced every three months. Beurer offers two brush head types: "Clean" (for intensive cleaning) and "Sensitive" (for sensitive teeth). These are compatible with both the TB 30 and TB 50 as well as all commercially

available electric toothbrushes. Protective caps and various coloured rings are supplied for differentiation.
