# Our four new apps

Useful support for your everyday life.

**The right app for every lifestyle**  
Tailored tools and applications.

## Your life, your app

You yourself can determine just how much control, coaching and help you need when exercising or caring for your children. We provide you with devices and the corresponding apps to enable you to plan your life as you wish.

### beurer CalmDown

Improve your perceived level of stress through guided and conscious breathing training. Improve your heart rate variability (HRV) using the gentle vibration of the stress releaZer. Start your six-week anti-stress programme.

### beurer FreshHome

In conjunction with Beurer devices, you can evaluate and improve the air quality in your house in a targeted manner. Here, the app provides you with handy tips on how you can stop poor-quality air being created in the first place. If the values exceed your individually defined target range, the app provides you with a clear notification.

### beurer EMS HomeStudio

Train more effectively and efficiently at home or on the go – without a gym or equipment. The “beurer EMS HomeStudio” app is your EMS personal trainer. Numerous workouts and videos also enable you to put together your perfect training programme. The “beurer EMS HomeStudio” enables you to be targeted and save time with custom training.

### beurer BabyCare

Track data on height, head circumference, weight, body temperature, sleep, food, crying, nappy changes and, of course, health. Capture special moments and memories. Seamlessly track your child’s development. The “beurer BabyCare” app will support you through the first exciting years of your child’s life.

Flexible heating

A feeling of comfort and warmth

People often don't want to leave the comfort of their warm home in the colder months. With the Beurer Heat To Go products, you can also enjoy the benefits of a pleasant temperature when you're on the move. Our cosy, HK 37 To Go heated tube scarf

is your perfect companion for autumn and winter. With a practical powerbank, you always have your extra portion of warmth with you, whether you're walking round town or on a hike in the woods.

Super chic and warm  
The perfect accessory for a stroll in the city or a walk in the woods.

Snuggly and skin-friendly

With powerbank for mobile warmth

HK 37 To Go  
Heated tube scarf with powerbank

- Stylish accessory that keeps you warm
- Exterior: a contemporary cable-knit design, interior: fleecy inner lining
- Mobile warmth with three temperature settings
- Includes powerbank (approx. 2 hours of battery life)
- Item no. 273.08 (available from October 2018)

### Your favourite snuggle blanket

The HD 75 Cosy heated overblanket will soon become your favourite snuggle blanket. Enjoy relaxing hours on the sofa with the cuddly fleece fibre. Patented electronic temperature regulation provides you with your personal optimal temperature single hand movement. If you happen to drift off for a bit longer, the automatic switch-off ensures that you can relax with ease.

Perfectly soft and super cosy for snuggling up.

Snuggly and skin-friendly

#### HD 75 Cosy White Heated overblanket

- Approx. 180 x 130 cm
- Machine washable at 30°C
- 6 temperature settings
- BSS safety system
- Item no. 424.16 (available from September 2018)

### HK 53 Cosy Back/neck heat pad

- Formfitting design
- Heat pad, machine-washable at 30 °C
- 3 temperature settings
- BSS safety system
- Item no. 215.13 (available from September 2018)

Soft velcro at the neck

Individually adjustable using an abdominal belt

### Feel good for sure!

You're always on the safe side with a Beurer heating product. Our products are fitted with the Beurer safety system (BSS) and some also feature electronic temperature regulation. An additional benefit is that thanks to the removable switch, almost all heat products are machine-washable.

Use cosy warmth precisely where you need it  
The right devices to provide you with a sense of wellbeing every day.

Weight

**HIGH-END SCALE**

THE PROFESSIONAL DIAGNOSTIC SCALE FOR WHOLE-BODY MEASUREMENTS

**The professional scale for use at home – in the know about every area of your body**

Full body analysis or segmental representation of individual areas of your body using cross-measurement: The BF 1000 Super Precision gives you a clear overview of your vital statistics. In addition to weight and muscle percentage, for example, your body fat

percentage (organ fat/abdominal fat) is determined using eight electrodes. All the values are easy to read on the raised dot matrix display while standing, and can also be transferred to the "beurer HealthManager" app for long-term monitoring.

**Cross-measurement for detailed full-body analysis**

**A clear overview**

Weight	Body fat	Visceral fat
Body water	Muscle percentage	Bone mass
BMI	BMR/AMR (kcal)	
IMC	AMR	BMR

body analysis

Extra-stable: for a 200 kg weight capacity

**BF 1000 Super Precision – Diagnostic scale**

- Full-body analysis with 8 electrodes and cross-measurement for precise monitoring – even of individual areas of the body
- For professional weighing – raised display on an aluminium stand with blue lighting for optimum readability
- With app connection for seamless monitoring in the long-term
- Item no. 748.60 (available from December 2018)

## Reach your ideal weight with ease

Our weight is important for our wellbeing. Regular weight control is a sensible measure to ensure you reach a personal balance. Our products range from simple glass scales to diagnostic scales with an app connection, to trendy kitchen scales for conscious nutrition. The new BF 950 connected scale provides you not only with weight information and water,

muscle and fat data, but also plenty of additional information on your body's balance. All the values can be easily documented using the "beurer Health-Manager" app. Set the ideal weight you're aiming for and the scale will use a colour spectrum to show you how close you are to your goal. You'll gradually get closer to your dream weight!

### GS 10 black – Glass scale

- Easy to store – exceptionally slim at just 19 mm
- Easy-to-read LCD display
- Weight capacity: 180 kg/graduation: 100 g
- Item no. 756.21 (available from November 2018)

### GS 213 – Glass scale

- Large standing surface: 32 x 30,5 cm
- Large display
- Weight capacity: 180 kg/graduation: 100 g
- Item no. 756.29 (available from November 2018)

### KS 34 – Kitchen scale

- Modern kitchen scale with extra-high weight capacity (15 kg)
- Magic LED: Invisible display – only appears during measurement
- With a hold function: weight displayed after measurement
- Item no. 703.11 (available from October 2018)

### LS 20 eco – Luggage scale

- Environmentally friendly and economical: no battery needed as it is activated simply by pressing the dynamo power button
- The ideal travel companion: always ready to use for precise weighing of your luggage
- 50kg weight capacity
- Item no. 732.13 (available from October 2018)

**Fully connected on your way to your dream weight**  
Data can be transferred directly to your smartphone via *Bluetooth®*.

### BF 950 – Diagnostic scale

- Automatic data transfer within *Bluetooth®* range after opening the app
- **LED motivator:** provides colour-coded feedback so that achieving your target is always in sight
- Perfect for pregnant women: **pregnancy mode** for controlled weight gain during pregnancy (without BIA analysis)
- BF 950 white: item no. 749.11 (available from November 2018)
- BF 950 black: item no. 749.12 (available from November 2018)

# Air and aroma

**HIGH-END AIR PURIFIER**

**APP-CONTROLLED AIR PURIFIER FOR MONITORING ROOM AIR**

## Clean and fresh air within your own four walls

The air in our rooms can contain two to five times more allergens and pollutants than the air outdoors<sup>1)</sup>. The new LR 500 is Beurer's first app-controlled air purifier. This device makes it easy to regulate and monitor air quality at home or on the move. So you can relax and breathe deeply at any time!

**99.95% filter performance**  
Banish pervasive pollutants from your home.

Display of the fine dust value in the room

### LR 500 – Air purifier

- Convenient control and monitoring of ambient air both at home and on the go via the "beurer FreshHome" app
- Monitors ambient air and automatically adjusts the fan speed
- Suitable for room sizes between 34 m<sup>2</sup> <sup>2)</sup> and 106 m<sup>2</sup> <sup>3)</sup>
- Removes up to 99.95% of allergens such as domestic dust mites, pollen, etc. – air cleaning using a three-layered filter system (prefilter + activated carbon filter + HEPA 13)
- Creation of individual air cleaning plans for each day of the week
- Item no. 660.13 (available from January 2019)

Colour ambient air quality indicator

### App-controlled air purifier (WiFi)

Convenient control and monitoring of room air at home or on the go

### The perfect humidity level

Beurer's devices enable you to make meaningful improvements to the air in your interior surroundings – at home, at the office or when travelling. Create invigorating air that promotes your health, and makes you feel good all-around.

Tank size: 6 litres

#### LB 55 – Air humidifier

- Humidifies dry ambient air with hot water evaporator technology
- Hygienic, odour-free and bacteria-free
- Humidification output up to 400ml/h
- For rooms up to approx. 50 m<sup>2</sup>
- Item no. 686.05

Say goodbye to dry eyes and irritated airways

Air humidification for the perfect indoor climate.

2 stages

### Air humidifier

The optimum relative humidity indoors is around 40-60%. Artificial means of heating cause relative humidity to drop on cold winter days. It affects our wellbeing and impacts our health if the ambient air is too dry. Dust particles are distributed more easily in dry air, which is particularly bad news for allergy sufferers. Furthermore, the air looks for alternative sources of moisture and takes what it

needs from our skin and the surrounding plants or furniture. It is therefore important to provide the air with additional moisture. Our air humidifiers add the required amount of moisture to the ambient air. This allows the water atomisation to absorb the dust particles in the air, thereby preventing the spread of pathogens.

Fresh and healthy air in all rooms

A comfortable environment day and night.

Sleep  
and rest

**A WORLD FIRST**

**COMFORTABLE SLEEP MASK – STOPS SNORING!**

### STOP snoring – finally enjoy a restful night’s sleep again

Calm and restful sleep is important for us to feel refreshed and energised during the day, but snoring can impair the quality of sleep. The SL 60 sleep mask gently disrupts the disturbing noises with a practical combination of intelligent snoring detection and a gentle vibrating alarm. With the beurer “SleepQuiet” app, you can adjust the sensitivity of snoring detection, maximum impulse intensity, and the starting time to meet your needs.

Precise snoring analysis using the “beurer SleepQuiet” app via *Bluetooth®*

**Restful sleep**  
Undisturbed sleep for snorers and their partners.

Length-adjustable

#### SL 60 – Snore mask

- Gentle snoring therapy with real-time snoring detection
- Immediate alleviation of snoring by means of vibration pulses on the forehead
- The maximum pulse intensity, sensitivity and start time can be adjusted
- Comfortable sleep mask: washable and length-adjustable
- Easy to use with the “beurer SleepQuiet” app
- Item no. 677.69 (available from December 2018)

# Wake-up lights

## Conjure up your own private sunrise in your bedroom

Gone are the days of a noisy alarm abruptly tearing you from your sleep! Be woken up gently with our wake-up lights and enjoy a relaxing start to the day. The secret to this is a soft light that slowly becomes brighter and simulates sunrise. A final alarm – a melody if you prefer – ensures that you do not oversleep. This is how to wake up naturally in harmony with your sleep rhythm.

*Bluetooth® speaker, play your own music via Bluetooth® streaming*

### Wake up gently

Fresh and cheerful throughout the day with the WL 50 wake-up light

### WL 50 – Wake-up light

- Fall asleep naturally and wake up gently with colourful simulations of sunrise and sunset, and melodies
- LED mood light with colour change
- Music playback via *Bluetooth®* streaming
- Battery and mains operation
- Item no. 589.21  
(available from February 2019)

Can be used with a battery or mains adapter

The wake-up light can also be used as a normal lamp or a mood light with colour change. Individual colour setting is also possible.

# Light therapy

## Let the sunshine in

Sunlight indirectly controls the production of melatonin, which is only passed to the blood in darkness. This hormone shows your body that it's time to sleep. That's why more melatonin is produced in months with less sunshine. Your body functions are powered down and it's difficult to get up in the morning. Daylight therapy lamps give you a little bit of extra daylight and can stop the production of melatonin. This can lead to a positive uplift in your mood. Beurer daylight therapy lamps are available in different shapes and sizes. Find the right product for you and bring some daylight into your life.

### For an extra helping of daylight

Banish the winter blues; take effective light therapy home instead.

#### TL 41 – Daylight therapy lamp

- Daylight for a sense of wellbeing in winter
- Compact design – product dimensions approx. 27 x 20.7 x 8 cm
- Ideal for your desk
- **LED technology – exceptionally bright and even illumination**
- Light intensity: approx. 10,000 lux (distance of 20 cm)
- Item no. 608.18

#### TL 20 – Daylight therapy lamp

- Daylight for a sense of wellbeing in winter
- Compact design – product dimensions approx. 21 x 13 x 2 cm
- Ideal for use at home or at the office
- Versatile stand: can be used horizontally and vertically with two tilt angles each way
- LED technology
- Light intensity: approx. 10,000 lux (distance of 10 cm)
- Item no. 608.03

# Relaxation and massage

**A WORLD FIRST**

**EFFECTIVE CALMING OF THE CENTRAL NERVE TRACTS**

### stress releaZer: relaxation aid and breathing trainer

One way of reducing stress is heart rate variability (HRV) training. The term HRV describes the human body's ability to adjust the frequency of the heart rhythm to different situations. The stress releaZer simulates a special breathing rhythm, which enables the body to increase its resistance to stressful and tense situations. Blood pressure can be lowered and the body relaxes due to the vibrating motor with its low-frequency oscillations.

### Find your inner peace faster

Covering the diaphragm area with the stress releaZer relaxes the primary nerve pathways in this central region of the body and restores the natural breathing rhythm. The stress releaZer emits pulses which help the user breathe correctly. The device can be connected to, and controlled by the "beurer CalmDown" app via Bluetooth®.

#### Show stress the door

Relaxation aid and breathing trainer in one device.

Optional heat function

Optional illuminated ring

#### stress releaZer

- Relaxation aid and breathing trainer for stress relief
- Optional illuminated ring to illustrate inhaling and exhaling
- Vibrating motor with low-frequency oscillations
- Three possible breathing cycles
- A choice of 3 different musical compositions (forest/jungle/ocean)
- Easy to use, including via the "Beurer CalmDown" app
- Item no. 640.33 (available from December 2018)

#### Clear and calm

Convenient control using the "beurer CalmDown" app

### Deeply relaxed at any time

With the Beurer Shiatsu air compression seat cover, you can take traditional Japanese Shiatsu body therapy home with you, to enjoy on the sofa or your favourite armchair. Pamper yourself and experience how body and soul come into harmony again!

## HIGH-END MASSAGE

### MG 320 HD 3-in-1 Shiatsu air compression seat cover

- Penetrating 3-in-1 massage with Shiatsu massage, air pressure massage and spot massage
- Soothing neck massage
- With optional light and heat function
- Washable neck and back rest cover
- Item no. 648.09 (available from October 2018)

With optional light and heat function

With new massage technology: Air-compression massage

### Shiatsu and beyond in your favourite armchair

Shiatsu massages are thought to boost emotional and mental wellbeing. Through flowing pressure along the meridians based on traditional Chinese medicine (TCM), the Shiatsu massager releases energetic blockages in the energy channels and stimulates the body's self-regulating powers. The Beurer MG 320 massage seat cover stimulates your entire back with its rotating massage heads – all you need to do is make yourself comfortable in your favourite armchair or on the sofa. You can also activate an air-compression massage in the midsection and the seat, as well as a relaxing neck massage.

### Your feet deserve it

Your feet work hard all day. Treat them to a well-deserved massage in the evenings – with foot massagers from Beurer.

### FM 90 – Foot massager

- Powerful and soothing Shiatsu and air pressure massage on the soles of the feet and heels
- Optional heat function
- Choice of 3 preset massage programmes
- Item no. 645.06 (available from November 2018)

### A massage studio in your own home

Advanced compression technology for traditional Japanese-style relaxation.

PhysioLine

**A WORLD FIRST**

**PROVIDES RELIEF FOR ACHILLES TENDON PROBLEMS**

**Relaxation and regeneration after exercise**

With PhysioLine from Beurer, you can ensure that you feel good all over after physical exercise. Unpleasant side effects such as muscle tension, aches in the legs and feet, or problems with the Achilles tendon can quickly be forgotten.

**Help for your Achilles tendon**  
Improved circulation, a soothing effect, reduced aches and pains.

6 rotating massage heads

With height and width adjustment

**FM 200 Achillomed® – Achilles tendon massager**

- To relieve problems with the Achilles tendon
- Soothing, circulation-boosting massage of the Achilles tendon
- 6 rotating massage heads
- 2 massage speeds
- Item no. 649.33

PhysioLine

**Pain-free feet and legs**

Relieve muscle tension, improve circulation.

**Be nimble on your feet with the circulation stimulator**

A long day on your feet, or running or other types of sport may leave your legs and feet painful and swollen. The Beurer FM 250 Vital Legs EMS circulation stimulator relieves muscle tension, increases mobility, and promotes circulation through revitalising electrostimulation and an additional step function. This means you can soon be nimble on your feet again!

**Relaxation and regeneration**

Fitness is even more enjoyable with **PhysioLine**

 Includes timer function

Includes cuffs for lower leg

Selectable intensity levels from 1 to 99 

Includes hand switch for convenient use

**FM 250 Vital Legs EMS circulation stimulator**

- Revitalising electrostimulation device for relieving swelling and pain in the legs and feet
- Promotes circulation, relieves muscle tension, and improves mobility
- Includes cuffs for additional stimulation of the lower leg area
- Item no. 649.37 (available from December 2018)

Blood pressure

medical

Look after your health!

High blood pressure, also known as arterial hypertension, is among the most prominent health risks of our time. In the majority of cases, high blood pressure is only discovered by chance as there are hardly any early warning signs for hypertension. Those affected can feel completely well for years,

so it's important to check your blood pressure regularly to avoid irreparable damage. Whether it's on your wrist or upper arm, our extensive range of blood pressure monitors means you have various options for keeping an eye on your health.

Risk indicator

BM 54 Bluetooth®  
Upper arm blood pressure monitor

- Bluetooth® for transferring measurements to your smartphone
- Universal cuff, suitable even for larger upper arm circumferences up to 44 cm
- Easy-to-read XL display
- Risk indicator
- Item no. 655.12 (available from October 2018)

"Systole 128 mmHg, diastole 83 mmHg, heart rate 69 beats per minute."

According to WHO guidelines, your blood pressure is normal."

BC 21 – Talking wrist blood pressure monitor

- Voice output in five different languages (language can be deactivated): (a) EN, ES, PL, AR, FA / (b) DE, EN, FR, IT, TR
- Adjustable volume
- Item no. (a) 650.40 / (b) 650.46 650.46.12 (available from October 2018)

Blood glucose and nebulisation

Extraordinarily easy to handle!

The easy-to-use GL 44 lean blood glucose monitor is easy to handle, and its XL display makes it even more convenient and clearer to operate.

GL 44 lean – Blood glucose monitor

- Easy use and measurement marking for optimised diabetes management
- Large display for easy readability
- With PC interface
- Extra-wide test strips
- Item no.: mg/dL: 463.08 (available from November 2018)
- Item no.: mmol/L: 463.09 (available from November 2018)

Diabetes management made easy

Keep up-to-date on important blood levels at all times.

Compressed-air technology

Incredibly small and ultra-quiet

Put your trust in innovative nebulisation technologies.

IH 58 – Nebuliser

- With mains operation
- Atomisation of liquid medications is also possible
- Small and light for use at home and on the go
- With extensive accessories
- Item no.: 602.02 (available from October 2018)

Body temperature and ovulation thermometer

Fever is an important warning sign for illnesses

Fever is a natural part of the body's defence against infections caused by bacteria or viruses. If your temperature rises quickly and reaches over 38°C, it must be treated. Cold compresses or consuming a large quantity of fluid may provide temporary relief. However, a doctor must be consulted if the fever persists for longer or is at a very high temperature.

Body temperature can be taken using various measuring methods. In addition to traditional thermometers, Beurer also offers non-contact devices with multiple memory spaces for tracking temperature, and a device that transfers the measurements via *Bluetooth*® to the "beurer BabyCare" or "beurer HealthManager" app with clear graphical evaluations.

A constant overview of your temperature  
Non-contact fever measurement and data transfer.

LED temperature alarm

FT 95 *Bluetooth*® – Non-contact thermometer

- Measurement of body, ambient and surface temperature
- Hygienic and safe – measurement without skin contact
- With *Bluetooth*® for transferring measurements for graphical evaluation
- Item no.: 795.11 (available from December 2018)

### Natural family planning made easy

Family and life planning in harmony: natural methods for cycle tracking and targeted family planning can be easily implemented. Advanced temperature measurement technology in Beurer ovulation thermometers works in conjunction with a cycle tracking app to offer whole new possibilities for more reliably predicting fertile and non-fertile days.

Protective cap

Family planning to meet your needs

Reliably predict fertile days.

On/off button

Measuring sensor

Flexible measuring tip

LED ring for displaying Bluetooth® transfer

### OT 30 Bluetooth® – Ovulation thermometer

- For measuring basal temperature in connection with the "Ovy" app, for natural family planning (NFP) based on the symptothermal method
- Display to 2 decimal places
- Wireless transfer of temperature
- Measurement accuracy:  $\pm 0.05^{\circ}\text{C}$
- Item no.: 791.06 (available from December 2018)

The healthcare technology startup Ovy was founded in Hamburg by sisters Eva and Lina Wüller. Their mission is to help women monitor their reproductive health naturally and effectively. For this purpose they and their team have developed a cycle tracking app to calculate the individual woman's day of ovulation, fertile window, and next period.

### Certainty in exact measurements

#### OT 20 – Ovulation thermometer

- For measuring basal temperature in connection with the "Ovy" app, for natural family planning (NFP)
- Display to 2 decimal places
- Manual temperature input
- Measurement accuracy:  $\pm 0.05^{\circ}\text{C}$
- Item no.: 791.38

On/off button

Flexible measuring tip

Measuring sensor

### More certainty when it comes to your monthly cycle

The symptothermal method is a scientifically recognised natural family planning (NFP) method. Fertile days are determined using physical symptoms, including the basal temperature. You can record all the important information using the "Ovy" app. This makes it even easier to interpret your body's signals correctly, and feel more certain about your monthly cycle in the long term.

Pregnancy planning or cycle tracking

Using the symptothermal method properly.

1 Wake up and take your temperature

2 Transfer the measured temperature to the app

3 Record relevant physical changes in the app

4 Identify fertile and non-fertile days

# Electro-stimulation TENS/EMS

### Drug-free pain relief

All products with the "painfree" symbol indicate they are an effective treatment for pain relief. The additional "drugfree" symbol indicates that the desired effects can be produced without additional medication.

## Electrostimulation for pain relief and muscle stimulation

Whether it's to relieve joint pain, support training for muscle build-up, or simply recover after sport, electrostimulation is versatile and can be used as an at-home method of self-therapy. Its operating principle is based on the imitation of impulses in our

bodies, which are transferred through the skin to nerve and muscle fibres via electrodes. With the new EM 27 and EM 28, Beurer now offers a complete range of TENS devices for pain relief in different areas of the body.

### Drug-free pain relief

Flexible application for pain in various parts of the body.

### EM 27 – Ankle TENS

- For use in combating pain in the ankle
- Ankle cuff adjustable with buckle fastener
- 2 wear-free contact electrodes made of conductive carbon material
- No contact gel or replacement electrodes required (water contact electrodes)
- Item no.: 647.07 (available from November 2018)

### EM 28 – Wrist/lower arm TENS

- For use in combating pain in the wrist
- Wrist cuff adjustable with buckle fastener
- 2 wear-free contact electrodes made of conductive carbon material
- No contact gel or replacement electrodes required (water contact electrodes)
- Item no.: 647.08 (available from November 2018)

Hand and foot care

For perfectly cared-for hands and feet

Beautiful hands and feet are part of a complete beauty routine. Complete your hand and foot care at home – with Beurer products for treating your finger and toenails, as well as skincare for your hands and feet, every day is a beauty salon day!

Now beauty treatments are even easier  
**Manicures and pedicures without an annoying cable.**

BodyCare

### Gentle support for your beauty

Feel good in your own skin and let your zest for life and happiness shine through. The recipe for silky, noticeably soft skin is no longer a secret: massaging with a brush results in rosy, soft radiance and deeply cleanses your pores. The two-stage rotation of the FC 55 powered body brush from Beurer enables an effortless full-body beauty massage in the shower or bath.

Removable handle

**Unique, electrically powered body brush with removable handle!**  
Thorough deep cleansing and gentle massage

With two brush attachments for thorough application

### FC 55 Pureo Complete Cleansing – Powered body brush

- Body brush with removable handle for convenient use
- Thorough cleansing for noticeably soft and radiant skin
- With 2 brush attachments
- Item no.: 605.12 (available from October 2018)

**cellulite releaZer for noticeably smooth, firm and toned curves.<sup>1)</sup>**  
 Enjoy feeling at ease in your skin again.

**A WORLD FIRST**

**A world first: the first clinically tested cellulite massager.<sup>1)</sup>**  
 For noticeably smooth, firm and tight curves, after just 12 weeks of use!<sup>1)</sup>

**Scientifically proven to visibly reduce cellulite<sup>1)</sup>**

The first clinically tested cellulite massager – Improves visible unevenness<sup>1)</sup>! For noticeably smooth, firm and toned curves<sup>1)</sup>, after just 12 week of use!

**80%** say that their skin is silky and smooth after application<sup>1)</sup>

**73%** confirm that their skin looks firmer<sup>1)</sup>

**cellulite releaZer**

- Cellulite massager
- Reduces cellulite – scientifically proven<sup>1)</sup>
- For smooth, firm, and toned curves!<sup>1)</sup>
- Vibration massage for deep-tissue toning
- Item no.: 590.03 (available from November 2018)

**How it works**

The cellulite releaZer's vibration technology relaxes and firms the deep tissue right where it counts. It promotes and accelerates the breakdown of fat molecules in the fat cells and breaks down cellulite precisely where it forms.

BEFORE application

AFTER application

**Scientifically proven to visibly reduce cellulite**

The beurer cellulite releaZer is the first clinically tested cellulite massager which is proven to visibly reduce cellulite. A scientific study from the Institut proDERM in Hamburg (study no. 18.0090-53) found that targeted application results in dimples becoming less visible and unevenness being improved. Enjoy feeling confident in your noticeably firmer and smoother skin!

Promotes circulation in the layers of the skin

Reduces cellulite; dimples are less visible<sup>1)</sup>

- Item no.: Purple: 591.04

**Gently untangle your hair**  
Soft plastic bristles untangle knots and protect long hair.

Baby  
and child

## Hello, here I am! Beurer babycare helps keep babies healthy and happy as they grow

With the "beurer BabyCare" app you always have an overview of your child's development. You can record a lot of important information in the app. Weight data is transferred from the new Beurer BY 90 baby scale via *Bluetooth*®. You can measure

your baby's height using a tape measure integrated in the scale. You can also manually enter information relating to nutrition, sleep times, nappies and appointments, as well as personal notes. The result is that you have a seamless diary recording your baby's development.

### A healthy weight from the start

Track your baby's development clearly on your smartphone.

### BY 90 – Baby scale

- *Bluetooth*® for transferring the measurements to your smartphone and tracking your child's weight
- Integrated tape measure
- Hold function for recording the weight of wriggling babies
- Item no.: 956.06 (available from January 2019)

babycare

## Rids the scalp of hair lice and their nits

### Easy combing

### HT 15 – Lice comb

- Easy combing; rids the scalp of hair lice and their nits
- Without the use of chemicals
- Changes its acoustic signal when it comes into contact with a hair louse or nit
- Item no.: 591.68 (available from January 2019)

Sport and activity

Exercise for a healthy life

Jogging, walking, cycling or swimming – every form of exercise does the body good. Whether you're a beginner, sports enthusiast or professional, Beurer offers a range of products to support you in your activity. The trendy AS 97 activity sensor helps you through the day and gives you the opportunity to

monitor and track your heart rate using optical sensors. It also notifies you of any incoming calls and messages, and displays the date, time and battery status. And, as an additional motivator, the "move reminder" function will tell you when you haven't moved for a while.

With notification function + activity and sleep tracking

Live tracking of the heart rate

Handy pulse measurement on the wrist via an optical sensor – no annoying chest strap required!

AS 97 Pulse Bluetooth® – Activity sensor

- Pulse measurement on the wrist via an optical sensor + live tracking of your heart rate via Runtastic, etc.
- Records activity and sleep and transmits the data to your smartphone
- Activity tracking: number of steps, distance, calorie consumption, activity duration and achievement of daily activity goal
- Item no.: 676.57

Handy pulse measurement on the wrist

Electro-  
stimulation

Pocket-sized high-end EMS trainer

The new EM 95 Bluetooth® – EMS homeSTUDIO muscle stimulation device provides you with numerous options for defining and planning your training exactly in line with your targets. Instead of investing several hours at the gym, EMS training for

20 minutes once or twice a week is enough to achieve the same results. Activate your personal virtual coach or put together your own training units to meet your needs!
